Portrait of a Black man playing chess, 18th century. The man is wearing a dark coat with a white ruffled collar and a blue sash. He is wearing a tall, ornate hat with a large white plume and a blue feather. He is seated at a chessboard, with his hands positioned over the pieces. The chessboard is checkered, and several chess pieces are visible. The portrait is set within a highly decorative gold frame featuring a Greek key border and a large, ornate crest at the top. The background is a plain, light blue-grey color.
